My Portfolio >>> <https://keivanmahani.netlify.app/>

Frontend Developer with **3+** years of experience building responsive and accessible web interfaces using **HTML5, CSS, TypeScript, React, Next.js**. Skilled in translating **Figma** designs into scalable **UI** components, optimizing performance, and ensuring cross-browser consistency. Passionate about clean code, reusable architectures, and continuous learning in modern **React ecosystems**.

Experience

Frontend Developer- Web Ariaei Team

Dec 2024 – Jan 2026, Tehran,Iran

- Built and maintained 5+ responsive web applications ([VanLife Project, Authentication,...](#)) using **HTML5, CSS3, Next.js, TypeScript** and **React**, achieving consistent rendering across Chrome, Firefox and Safari and improving mobile-user page-load speed by **25%**.
- Translated Figma prototypes into polished, brand-aligned user interfaces
- Built responsive, accessible interfaces using **HTML5, CSS**, and **JavaScript**, with **dynamic forms**, micro-animations, and **client-side validation**. Delivered a fully bilingual website for decobam.com, featuring seamless language switching and localized, brand-consistent UX.
- For zarmatn.ir, designed and implemented a **custom location search bar** that enables users to quickly find the physical location of Zarmatn Company, optimizing discoverability through an intuitive UI and map-based interaction.
- Collaborated with designers, product managers, and stakeholders in **agile workflows**, incorporating feedback to refine features and accelerate delivery.

Web Designer - Lámour Team

jan 2023 – Dec 2024, Tehran,Iran

- Designed and developed ecommerce and commercial websites using **WordPress** as a foundation, delivering **responsive** and visually consistent layouts.
- Created intuitive **UI/UX** designs and interactive prototypes in Figma to guide development and enhance user experience.
- Designed and implemented a landing page with Tailwind CSS, Framer Motion, and Next.js for animations and smooth scrolling.

Independent Projects & Learning

Personal Portfolio Website | keivanmahani.netlify.app

- Developed and deployed a fully responsive personal portfolio using React and Next.js for UI/UX designers
- Redesign, design, and develop custom online menus for restaurants and cafés.
- Wrote over 3,500 lines of code, demonstrating modular structure, reusable components, and optimized build performance.
- Demonstrated initiative by expanding skills beyond prior roles and consistently updating knowledge of modern web technologies.

Dashboard App | Private Repo

- Built a modern dashboard interface with dynamic charts and tables using React, Recharts, and Context API for state management.

Education

University of Kerman
M.A. in Engineering Physics
2013-2016, Iran

Azad University of Tehran
B.Sc. in Public Administration
2017-2020, Iran

Technical Skills

- Frontend:

HTML5, CSS3 (Flexbox, Grid), JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, SCSS/SASS
- UI & Design:

Figma, Responsive Design, Component Architecture, Accessibility (WCAG)
- Version Control & Deployment:

Git, GitHub, GitLab, Netlify, Vercel
- Other Tools:

REST APIs, JSON, WordPress, VS Code

Languages

- Persian (Nativ)
- English (Upper - Intermediate)
- Deutsch (B2)

Certificates

- The Frontend Developer Path
- Learn TypeScript
- [Learn Next.js](#)
- [Learn React](#)
- [Learn JavaScript](#)
- [Introduction to SQL](#)
- [Introduction to Software Engineering](#)
- [Building Web Applications in PHP](#)
- [Visualizing Data with Python](#)
- [Python for Everybody](#)
- [Using Databases with Python](#)
- [Using Python to Access Web Data](#)
- [Programming for Everybody](#)
- [Python Data Structures](#)
